

# **How We Use Your Child's Information Privacy Notice for Junior School Pupils**

---

**Withington Girls' School**

September 2018

## Introduction

This notice is to help you understand **how** and **why** we collect your child's personal information and **what** we do with that information. It also explains the decisions that you can make about your child's information.

We are giving you this notice because you are able to exercise your child's data protection rights on their behalf. When your child is older (usually when they reach the age of 12) they will be considered mature enough to exercise their own data protection rights.

If you have any questions about this notice please talk to the Bursar.

## What is "personal information"?

Personal information is information that the School holds about your child and which identifies your child.

This includes information such as their date of birth and address as well as things like exam results, medical details and behaviour records. We will also hold information such as your child's religion or ethnic group for the purposes of, for example, catering for your child's food preferences. CCTV, photos and video recordings of your child are also personal information.

## Our legal bases for using your child's information

This section contains information about the legal basis that we are relying on when handling your child's information.

The two tables below contain a general description of the different legal bases but we have also used a colour code system so that you can see which bases we are relying on for each of the purposes described at paragraphs 1 to 37 below.

### Legitimate interests ("L")

This means that the School is using your child's information when this is necessary for the School's legitimate interests or someone else's legitimate interests. We won't rely on this basis when your child's interests and fundamental rights override our legitimate interests. Specifically, the School has a legitimate interest in:

- Providing your child (and other children) with an education and making sure that your child is behaving properly.
- Complying with our agreement with you for your child to be at the School.
- Keeping the school buildings safe.
- Making sure that the School is well managed and that we protect the School's reputation.
- Safeguarding and promoting your child's welfare and the welfare of other children.
- Promoting the objects and interests of the School. This includes fundraising e.g. if we want to raise money to build new buildings and using photographs of your child in promotional material such as on our website and in the prospectus.
- Ensuring that all relevant legal obligations of the School are complied with (for example in relation to inspections).
- Using your child's information in connection with legal disputes.
- Facilitating the efficient operation of the School.

- Keeping in touch when your child leaves as she will become a member of the alumnae association.

In addition your child's personal information may be processed for the legitimate interests of others. For example, we may use information about your child when investigating a complaint made by another pupil.

#### Legal obligation ("LO")

Where the School needs to use your child's information in order to comply with a legal obligation, for example to report a concern about your wellbeing to Children's Services. Occasionally we may have a legal obligation to share your child's personal information with third parties such as the courts.

#### Vital interests ("VI")

In limited circumstances we may use your child's information to protect your child's vital interests or the vital interests of someone else (e.g. if your child or they are seriously hurt).

#### Performance of a task carried out in the public interest (or carrying out public tasks) ("PI")

The following are examples of where this applies:

- providing your child and others with an education;
- safeguarding and promoting your child's welfare and the welfare of other's such as your child's classmates;
- facilitating the efficient operation of the School; and
- ensuring that we comply with all of our legal obligations.

The School must also comply with an additional condition where it processes special categories of personal information. These special categories include: personal information revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, genetic information, biometric information, health information, and information about sex life or orientation.

#### Substantial public interest ("SPI")

The School is allowed to use special categories of personal information where doing so is necessary in the substantial public interest. For example to provide your child with an education, to look after your child and their classmates or when the School is inspected.

#### Employment and social protection and social security law ("ESP")

There will be times when the School needs to use your child's information because we are an employer. Also the School will use your child's information to comply with social protection law (e.g. to look after your child) and social security laws. Social protection law is concerned with preventing, managing, and overcoming situations that adversely affect people's wellbeing.

#### Vital interests ("VI")

In limited circumstances we may use your child's information to protect your child's vital interests or the vital interests of someone else (e.g. if your child or they are seriously hurt).

#### Legal claims ("LC")

The processing is necessary for the establishment, exercise or defence of legal claims. This allows us to share information with our legal advisors and insurers. This applies whenever sharing special category data is necessary in relation to legal claims.

Medical purposes ("MP")

This includes medical treatment and the management of healthcare services.

## How and why does the School collect and use your child's personal information?

We set out below different ways in which we use personal information and where this personal information comes from. The letters highlighted in different colours refer to the legal bases we are relying on. Please see the section above for an explanation.

Sometimes we get information from your child's doctor and other professionals where we need this to look after your child.

3. We will use information about your child during the admissions process e.g. when marking entrance exams and considering any information provided on the registration form. We may let your child's previous school know if they have been offered a place at the School - LI, PI, SPI, MP.
4. We need to tell all appropriate members of staff if your child has a health issue - LI, PI, SPI.
5. We will tell your child's teachers if he or she has special educational needs or requires extra help with some tasks - LI, PI, SPI.

19. We are legally required to provide the Department for Education with certain information about your child. Some of this information will be stored on the National Pupil Database. Organisations can request information from the National Pupil Database which includes information about your child. But they are only allowed to do this for limited purposes and they must be very careful about how they use your child's information. More information can be found here - <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information> - **LO**, **SPI**.

Further information on the alumnae association can be found at the following web address [www.wgs.org/alumnae](http://www.wgs.org/alumnae) - **LI**.
36. The School must make sure that our computer network is working well and is secure. This may involve information about your child, for example, our anti-virus software might scan files containing information about your child - **LI**.

37. From time to time, we may use a third party to provide activities such as an external sports coach. We may share your child's information with them, for example, to tell them what sports they are good at- **LI, PI**.
38. [• If ever in the future, we are considering restructuring the charity which operates the School, we may share your information with the other parties involved and with the relevant professional advisors - **LI**.]
39. Some of the records the School keeps and which contain your child's personal information may be used by the School (or by someone else such as the government) to check that the School has been a good school. - **LI, PI, SPI**
40. We also keep some information indefinitely for archiving purposes (this is known as "archiving in the public interest" under data protection law) and for historical research purposes. This includes the School's legitimate interest in research; supporting long-term accountability; enabling the discovery and availability of the School and the wider school community's identity, memory, culture and history; enabling the establishment and maintenance of rights and obligations and of precedent decisions; educational purposes; and commercial and non-commercial re-use. For example, we keep some old photographs so that we have a record of what the School was like in the past. Information held in our archive may be made publically available but this would only be done in compliance with data protection laws. - **LI, PI**.

We will only share your child's information with other people and organisations when we have a good reason to do so. In exceptional circumstances we may need to share it more widely than we would normally.

We sometimes use contractors to handle personal information on our behalf. The following are examples:

- IT consultants who might access information about your child when checking the security of our IT network;
- We use software, apps and websites to help us with teaching, and to help us provide pastoral support to our pupils. [For example, we use an app which allows pupils to access homework which has been set by their teachers; and
- We use third party "cloud computing" services to store some information rather than the information being stored on hard drives located on the School site.

If you have any questions about the above, please speak to the Head of the Junior School.

### **Criminal offence information**

In exceptional circumstances, we may use information about criminal convictions or offences. We will only do this where the law allows us to. This will usually be where such processing is necessary to carry out our obligations, to exercise our rights or to look after our pupils.

### **More than one basis**

As you will see from the information above, in some cases we will rely on more than one basis for a particular use of your child's information. In addition, we may move from one of the legal bases listed above to another as circumstances change. For example, as a safeguarding matter becomes more serious, we may start to rely on "legal obligation" to share personal information with the local authority in addition to the other legal bases, which are noted for safeguarding purposes.

## Consent

We may ask for your consent to use your child's information in certain ways as an alternative to relying on any of the bases in the table above. For example, we may ask for your consent before taking or using some photographs and videos if the photograph or video is more intrusive and we cannot rely on legitimate interests. If we ask for your consent to use your child's personal information you can take back this consent at any time.

Any use of your child's information before you withdraw your consent remains valid. Please speak to your child's form teacher if you would like to withdraw any consent given.

## Sending information to other countries

We may send your child's information to countries which do not have the same level of protection for personal information as there is in the UK. For example, we may store your child's information on cloud computer storage based overseas.

The European Commission has produced a list of countries which have adequate data protection rules. The list can be found here: [https://ec.europa.eu/info/law/law-topic/data-protection/data-transfers-outside-eu/adequacy-protection-personal-data-non-eu-countries\\_en](https://ec.europa.eu/info/law/law-topic/data-protection/data-transfers-outside-eu/adequacy-protection-personal-data-non-eu-countries_en)

If the country that we are sending your child's information to is not on the list, or is not a country within the EEA (which means the European Union, Liechtenstein, Norway and Iceland), then it might not have the same level of protection for personal information as there is in the UK.

We will provide you with details about the safeguards which we have in place outside of this privacy notice. If you have any questions about the safeguards that are in place please contact the Bursar.

## For how long do we keep your child's information?

We keep your child's information for as long as we need to in order to educate and look after them. We will keep certain information after your child has left the School, for example, so that we can find out what happened if you make a complaint.

In exceptional circumstances we may keep your child's information for a longer time than usual, but we would only do so if we had a good reason and only if we are allowed to do so under data protection law.

Please see our Information and Records Retention Policy for more detailed information. This can be requested from the Bursar.

## What decisions can you make about your child's information?

Data protection legislation gives you a number of rights regarding your child's information. The rights are as follows:

- **Rectification:** if information held by the School about your child is incorrect you can ask us to correct it.
- **Access:** you can also ask what information we hold about your child and be provided with a copy. This is commonly known as making a subject access request. We will also give you extra information, such as why we use this information about your child, where it came from and what types of people we have sent it to.

- **Deletion:** you can ask us to delete the information that we hold about your child in certain circumstances. For example, where we no longer need the information.
- **Portability:** you can request the transfer of your child's information to you or to a third party in a format that can be read by computer in certain circumstances.
- **Restriction:** our use of information about your child may be restricted to simply storing it in some cases. For example, if you tell us that the information is inaccurate we can only use it for limited purposes while we check its accuracy.
- **Object:** you may object to us using your child's information where:
  - we are using it for direct marketing purposes (e.g. [• to send you an email about a fundraising opportunity]);
  - the legal basis on which we are relying is either legitimate interests or performance of a task carried out in the public interest. Please see the section "Our legal bases for using your child's information" above;
  - if we ever use your information for scientific or historical research purposes or statistical purposes.

The Bursar can give you more information about your child's data protection rights.

### **Further information and guidance**

This notice is to explain how we look after your child's personal information. The Bursar can answer any questions which you might have.

Please speak to the Bursar if:

- you would like to exercise any of your child's rights listed above; or
- you would like us to update the information we hold about your child; or
- you would prefer that certain information is kept confidential.

You have a right to lodge a complaint with a data protection supervisory authority. The supervisory authority in the UK is the Information Commissioner's Office - [ico.org.uk](http://ico.org.uk). If you do have any concerns about how we have handled your personal information we would kindly ask that you contact us in the first instance before you speak to the ICO so that we have an opportunity to put things right.
