

# Do you have an evacuation memory to share?

**Children on the Move is a project working to create a lasting record of evacuation in Staffordshire.**

Whether you were an evacuee or not, if you have an evacuation memory to share, then your experiences are unique and vital to us!

We would like to collect as many reminiscences as possible from evacuees and those who knew evacuees - these will help us to document Staffordshire life at the time, and may be used for an exhibition, publication, or website.

Please complete this questionnaire together with any written reminiscences. You can hand them in to any library or mobile library, or return them to the address below.

Please take care to complete the section giving permission to make use of any stories you submit.

Also, if you have any objects, photographs or documents relating to the evacuation scheme that you would like to lend or donate to the Archive Service or the Arts & Museum Service collections, please get in touch.
